ACCESSORIES

PRODUCT NAME

Washing Agent
Non-Flammable Solvent

MANUFACTURER

De Neef Construction Chemicals, Inc.
5610 Brystone
Houston, TX 77041
1(800) 732-0166

PRODUCT DESCRIPTION

Washing Agent is a non-flammable solvent mixture for cleaning polyurethane grout pumps and equipment. **Washing Agent** is composed of a mixture of organic solvents with high dissolving properties for liquid polyurethane products.

APPROPRIATE APPLICATIONS

Flushing out and cleaning pumps and lines used to inject polyurethane grouts.

ADVANTAGES

- Non-Flammable
- Anhydrous (water free)

PACKAGING

5 Gallon metal pails

LIMITATIONS

Used to clean uncured liquid resin from pumps and lines; however, has limited effect on cure polyurethane.

STORAGE AND HANDLING

Store in a cool dry place. Protect from rain and extreme temperature conditions.

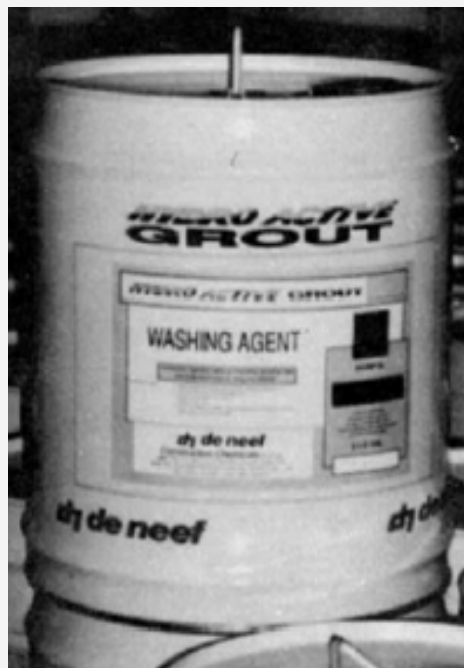

PRECAUTIONS

Avoid repeated inhalation of large quantities. If necessary, wear an organic vapor mask. Do not spray if sufficient ventilation is unavailable. Observe all safety rules noted on the label. Always use protective clothing, gloves and goggles during use. Avoid eye and skin contact. Do not ingest. Refer to the Material Safety Data Sheet for additional details.

PHYSICAL PROPERTIES

Specific density	Approx 9.6 lbs/Gal.
Appearance	Clear Liquid
Flashpoint	225°F

The data shown above reflects typical results based on laboratory testing under controlled conditions. Reasonable variations from the data shown above may result.

SAFETY INFORMATION

In the event of an EMERGENCY call:
CHEM-TREC 800-424-9300.
